

# RAZOR GO

## MODEL 60360

- Read **ALL** instructions thoroughly before first use.
- RAZOR GO is equipped with an optional user programmable strobe mode, see instructions for details.

Thank you for purchasing the Bright Star **RAZOR GO** LED flashlight. **Proudly assembled in the USA.** This product has been designed for high performance, rough use and pairs best with a set of KBS Power Solutions KA2600 MaxX Alkaline batteries.

High Mode		Low Mode	
FL 1 STANDARD	FL 1 STANDARD	FL 1 STANDARD	FL 1 STANDARD
475 LUMENS	7 h	200 LUMENS	15 h
21,000cd	2m	9,000cd	2m
290m	1m	190m	1m

### LED Function

The Main LED is controlled through standard button presses:

- 1<sup>st</sup> Button Press – Low Mode
- 2<sup>nd</sup> Button Press – High Mode
- 3<sup>rd</sup> Button Press – OFF

**Timeout Function** – After 10 seconds of no user input, the next switch press will default all lights to turn off.

### User-programmable Strobe Mode

To activate strobe mode, first turn light off. Next, hold LED button for 10 seconds. At end of 10 seconds, the main LED will begin to strobe. Strobe mode is now activated and part of normal operation sequence.

### New Operation Sequence:

- 1<sup>st</sup> LED Button Press – Low Mode
- 2<sup>nd</sup> LED Button Press – High Mode
- 3<sup>rd</sup> LED Button Press – Strobe Mode
- 4<sup>th</sup> LED Button Press – OFF

To deactivate strobe mode, repeat same steps used to activate strobe mode.

The RAZOR GO is equipped with two integrated magnets : a tail cap magnet and a clip magnet.

### Battery Replacement

Unscrew bottom cap to remove batteries. Place new batteries in Razor as shown below. Markings also found on Razor.

### Care and Maintenance

- Clean only with mild soap and water.
- Do not mix new and old batteries, or battery types/models.
- Do not store for prolonged periods of time with batteries installed.
- Do not store for prolonged periods of time in high (> 80°F) or low (< 40°F) temperatures

### Warranty

Bright Star warrants its products to be free of manufacturing defects for a lifetime of use except for batteries, bulbs, abuse, misuse, accidents, improper installation and normal wear. In our discretion, we will repair, replace or refund the purchase price of this product should we determine it to be defective. This limited lifetime warranty also excludes rechargeable batteries, chargers, switches and electronics which have a 2 year warranty with proof of purchase.

The **RAZOR GO** was developed, designed, engineered, and assembled at KBS Innovations, Hanover Township PA.
