Prime

MaxX

Long-lasting high & peak-performance batteries provide dependable power for everyday use and emergency situations.

Device Compatible:

Premium KBS Power Solutions batteries, chemically designed for optimal performance, provide long run times that meet or exceed the large US commercial brands. Our batteries are ideally compatible for use in gaming controllers, toys, flashlights, headlamps, clocks, cameras and so much more !

Designed to Last:

10-year leak-free shelf life – All KBS Power Solutions batteries have advanced cell designs that offer the highest level of leak prevention. These batteries have been independently tested and verified to meet intrinsic safety requirements which specifically evaluates leakage at high temperatures.

Available in 24 Packs

A Marmon Group/Berkshire Hathaway Company

About us

Koehler-Bright Star is a Marmon/Berkshire Hathaway company that develops portable lighting solutions for Mining, Fire, Industrial and Safety markets.

Innovation is key to our company mission for each of our brands. We focus our innovation on providing a well-designed solution that offers our customers best-in-class products while still offering a value compared to the competition. Koehler-Bright Star is a US company located in Hanover Township, PA, (near Wilkes-Barre, PA), where we manufacture most of our products in our 75,000 sq. ft. facility. Here in Pennsylvania, we design, develop, test, manufacture, and warehouse our products through our ISO9001 certified quality system.

We are proud of our ability to design, manufacture and ship our products worldwide from our facility in the USA just as the Koehler and Bright Star brands have done for over 110 years.
